

# ImagePro 8100

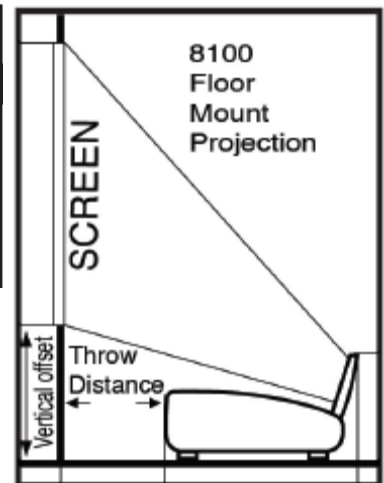

The ImagePro 8100 projector features a very short throw distance, eliminating the problem of presenters obstructing the projected image by standing in front of the screen. At only 1.4 feet you can project a 100 inch diagonal image. This not only prevents image obstruction, but also means there are no shadows interfering with the image and no light in the presenter's face. The versatile 8100 can be placed vertically as well as horizontally, as well as inverted for ceiling mount applications, making positioning of the projector more convenient.

XGA \* 2500 Lumens \* 12.8 lbs.

**Exclusive 5 Year Warranty**

DIAGONAL	WIDTH	THROW DISTANCE	VERTICAL OFFSET
INCHES	INCHES	INCHES	INCHES
60	48	4	11
70	8	7	13
80	64	10	14
90	72	13	15.5
100	80	16	17
120	96	22	20
