## Commercial DVD/CD Duplicators

100% Native SATA Technology for Max Speed

### The Fastest Drives. Period.

#### TechDisc Pro™ DVD

24X DVD±R // 8X DVD±RW

48X CD-R // 32X CD-RW

### Commercial Grade Cooling System

The TechDisc Pro™ runs cool with **Four Extra Large** cooling fans. The 700 series features side and rear cooling for maximum airflow!

### Global Ready! Power & Language Options

Built with the strongest power supply in the industry, the TechDisc Pro™ delivers **400 Watts** of continuous commercial grade power, and it is 115/230V switchable to work around the world! Not only can you plug it in all around the world, users can select English, Spanish, French or Turkish menus for ease of use. That is what we call Global Ready!

### Incredible Warranty Protection

Nobody understands service like Recordex™, and we'll prove it with our Standard **3-Year Limited No Hassle Warranty**, which includes free phone support for the lifetime of the duplicator. (1-year warranty option available.)

### Rock Solid and Super Stable

The TechDisc Pro™ uses our exclusive all steel commercial grade case with anti-tip stabilizing feet. Unlike most, our feet can even be folded in to save space when multiple units are placed side-by-side.

### Archive up to 50 DVDs or 250 CDs

Hard drive models ship standard with fast **7200 RPM 250GB** hard drives. And, if you need more space for your images, upgrade to our massive 500GB hard drive for 100% more archive storage.
